

COMPUTER CONFUSION?

Discover new and exciting ways to use Windows
to your full advantage.

The Mansfield Council On Aging offers classes in
working in Windows 7, 8, 8.1 or 10.

Windows 10 is the newest version of Windows Operating
Systems and is an integration between the application
based Windows 8 series and other versions of Windows.

Most users of Windows 7 and 8 Series will be able to
upgrade to Windows 10 for free.**

1 hour classes are scheduled Tuesdays between the
hours of 10:00 AM and 12:00 PM, or Wednesdays, if
needed, during the hours of 10:00 AM and 12:00 PM.

To schedule a class with Jeff, please call Louise at
508-261-7368.

**** *Not all versions of Windows are upgradable to Windows 10.
Some versions of Windows 7 and 8 Series are not upgradable to
Windows 10 for free and may incur a charge. Most users of
upgradable versions of Windows have been notified of how to
determine the ability of their operating system to upgrade
successfully for free.***
